

Cowra Regional Art Gallery

Since opening in October 2000, the Cowra Regional Art Gallery has made a significant contribution to the cultural life of Cowra, attracting visitors from around Australia and overseas.

The Gallery offers a changing program of high quality and distinctive State and national touring exhibitions, and projects featuring contemporary art and craft practices from the region. Special events, artists' talks, educational activities and workshops for children and adults are also presented in association with the exhibition program (see the Gallery website for more information).

The Gallery has a permanent collection of paintings, works on paper, ceramics, photographs and textiles by leading Australian artists, including *The Calleen Collection* and *Olive Cotton Collection*.

The Gallery shop offers visitors a diverse range of greeting cards from major Australian art institutions and local artists; art magazines, art books and local history publications; and a range of unique gifts including handmade bags, Shibori textiles, colourful glass platters and jewellery.
